## Aikido-Teacher Seminar 27<sup>th</sup> -29<sup>th</sup> August 2021 Fürth, Germany

*"There is another slavery which still continues and it is slavery of woman. The solution is again philosophical and not political. Aikido has been developed by men and I am also a man. Most Aikido students are also men. So we can assume that Aikido is developed in favour of men and it is necessary to develop it for women as well. Doshu Yoshigasaki Sensei 2016."*
